2010 DoD Environmental Monitoring & Data Quality Workshop

April 12 – 16, 2010
Louisville, KY

The Brown Hotel

335 West Broadway • Louisville, KY 40202

<http://www.brownhotel.com>

The DoD Environmental Data Quality Workgroup is pleased to announce the 7th annual DoD Environmental Monitoring & Data Quality Workshop, which includes technical training sessions, technical presentations, Q&A, component meetings, and a poster session. This workshop is open to all interested members of the environmental community involved with DoD sites or projects including representatives from the DoD services, other federal agencies, state, local, and tribal governments, academia, and the private sector.

Possible training categories for this workshop include:

(subject to change without notice)

- Checking Off the Ultimate UFP-QAPP Box
- LOD/LOQ/LCS Determining and Understanding
- Best Practices for DoD QSM
- ISM: Perspectives from Members of the ITRC ISM Working Group

Abstracts for technical presentations and posters will be solicited in the following areas:

- DoD Emerging Contaminants
- Indoor Air Vapor Intrusion
- Military Munitions Response Program (MMRP)
- Laboratory Analysis and Performance
- Data Management and Sharing
- Project Planning / Implementing UFP-QAPP
- Data Quality and Usability
- Field Sampling and Analysis
- Quality Systems Implementation
- Environmental Monitoring for Remedial Technologies
